5. An explanation of the rule, including the agency's reasons for initiating the rule:

The proposed rules implement A.R.S. § 36-132(A)(21) which requires the Department of Health Services to license and regulate the health and safety of group homes for developmentally disabled individuals. In 1997 the Arizona Legislature transferred the licensing and regulation of group homes from the Department of Economic Security to the Department of Health Services. Before 1997 the Department of Economic Security licensed and regulated group homes for individuals who are developmentally disabled and contracted for services with licensed group homes. While the Department of Health Services has been licensing and regulating the health and safety of group homes for individuals who are developmentally disabled since 1997, it has done so using the Department of Economic Security's rules which were in place before the licensing function was transferred to the Department of Health Services. The proposed rules establish requirements for the licensure and regulation of the health and safety of group homes for individuals who are developmentally disabled under the Department of Health Services.

6. An explanation of the substantial change which resulted in this supplemental notice:

The supplemental proposed rules, in R9-32-103(A), reduce the amount of time required for an applicant to submit an initial application to the Department to 30 days.

The supplemental proposed rules, in R9-32-106(B), specify that a licensee corrects a deficiency within 30 days.

The supplemental proposed rules, in R9-32-202, remove references to the Department of Economic Security's "Fire Risk Profile" and, instead, clarify that the Department will issue a "level 1" license or a "level 2" license based upon the type and amount of fire safety and fire suppression devices in the group home. This is consistent with the Department's current practice.

The supplemental proposed rules add a Section called "Accessible and Usable Facilities" that ensures a premises is accessible to and usable by a resident who may have a mobility or communication impairment. The rules incorporate specific requirements to ensure that, if a group home has a resident with a mobility or sensory impairment, then modifications are made to the premises, as identified by the Department of Economic Security's Division of Developmental Disabilities.

The supplemental proposed rules, in R9-32-207, require that a spa is enclosed by a fence, if a resident is under the age of six.

7. A showing of good cause why the rule is necessary to promote a statewide interest if the rule will diminish a previous grant of authority of a political subdivision of this state:

Not applicable

8. The preliminary summary of the economic, small business, and consumer impact:

The Department of Health Services will incur moderate one-time costs implementing the proposed rules.

The Department of Economic Security will incur minimal one-time costs implementing the proposed rules.

Businesses, including small businesses, which operate group homes will incur minimal one-time administrative costs implementing the proposed rules. Approximately 10 group homes statewide will incur moderate one-time costs and minimal annual costs complying with new temperature range requirements in group homes.

The Department does not anticipate an individual who receive services in a group home will incur costs as a result of the proposed rules.

9. The name and address of agency personnel with whom persons may communicate regarding the accuracy of the economic, small business, and consumer impact statement:

Name: Kathleen Phillips, Rules Administrator

Address: Department of Health Services
1740 W. Adams, Suite 102

10. The time, place, and nature of the proceedings for the adoption, amendment, or repeal, of the rule or if no proceeding is scheduled, where, when, and how persons may request an oral proceeding on the proposed rule:

The Department has scheduled the following oral proceedings:

11. Any other matters prescribed by statute that are applicable to the specific agency or to any specific rule or class of rules:

12. Incorporations by reference and their locations in the rules:
