# COUNTY NOTICES PURSUANT TO A.R.S. § 49-112

Because each county writes rules and regulations in its own unique style, County Notices published in the *Register* do not conform to the standards of the *Arizona Rulemaking Manual*. With the exception of minor formatting changes, the rules (including subsection labeling, spelling, grammar, and punctuation) are reproduced as submitted.

### COMBINED NOTICE OF PROPOSED RULEMAKING PURSUANT TO A.R.S. §§49-112 AND 49-471.01 et seq. AND NOTICE OF ORAL PROCEEDING

PURSUANT TO A.R.S. §49-471.06

### 1. Preamble

A. The District proposes that the Board of Supervisors adopt or amend certain rules under authority of A.R.S. §§49-479 and 49-480, which respectively authorize the board to adopt rules to control air pollution and to adopt a stationary source permit program. Affected rules are identified, and corresponding changes discussed in subsection D. of this preamble, and include the following sections:

Section Affected	Rulemaking Action
§1-1-105	Amend
§1-1-107	Amend
§1-3-140.89	
§6-1-030	
§7-1-030	
•	

- B. Those wishing further information regarding any aspect of this proposal may contact Scott DiBiase, Planning Manager, Pinal County Air Quality, 31 North Pinal St., Building F, Florence, Arizona, 520-866-6929. To the extent possible, the District will also post information on the County's website, *www.co.pinal.az.us*, under the "air quality" link.
- C. The rule making process will consist of an initial administrative rule development process, including this notice, a stakeholders meeting, a 30 day public comment period, and an oral proceeding before the Control Officer or his designee. The date and locations for the oral proceedings are set forth below. Written comments are due prior to the close of the comment period, which shall be the close-of-business on the day of the oral proceeding. The final step in the rule adoption process will be a hearing before the Board of Supervisors. The Board of Supervisors hearing will be separately scheduled and noticed in accord with A.R.S. §49-479, and, where applicable, the requirements of 40 C.F.R. §51.102.
- D. The proposed revisions include the following:
  - Update amended dates for Chapter 1, article 3 in §1-1-105.A
  - Update amended dates for Chapter 4, article 2 in §1-1-105.A
  - Update amended date for §7-1-030 listed in §1-1-107
  - Addition of T-Butyl Acetate (TBAC) to the list of nonprecursor organic compounds (§1-3-140.89) which reflect EPA's revisions to the definition of Volatile Organic Compounds (VOC).
  - Updates to Chapter 6, Article 1, section 030 New Source Performance Standards
  - Updates to Chapter 7, Article 1, section 030 Performance Standards for Federally listed hazardous air pollutants.
- E. A reference to any study relevant to the rule that the agency reviewed and either relied on in its evaluation of or justification for the rule or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:
  "Investigation of the Atmospheric Ozone Formation Potential of T-Butyl Acetate" by W.P.L. Carter, et al. August 8, 1997. http://pah.cert.ucr.edu/ftp/pub/carter/pubs/tbuacetr.pdf

[M06-171]

- F. Economic, small business and consumer impact statement Given the "at least as stringent" mandate of A.R.S. §49-479, the District has not attempted to assess any added costs associated with the conforming changes discussed in subsection D above.
- G. In accord with A.R.S. §49-471.07(F), the proposed changes will take effect upon approval by the Board of Supervisors.
- H. Compliance with the Fee-limitations of A.R.S. §49-112 (A) or (B).

Based on information and belief, the Director of the Pinal County Air Quality Control District affirms the following: Initially, the total of the fees and other charges currently assessed in connection with the administration of the County's air quality program do not now equal the cost of program administration. To the extent that both the County and ADEQ impose parallel fees, the County's fees are capped by rule at ADEQ's rates, which implicitly affirms that the County's fees are reasonable. To the extent the County's program affects certain sources that ADEQ either does not regulate or does not charge, these proposed changes do not impose any additional fees on those sources.

I. A Notice of Docket Opening for this action was published in Volume 12, Issue 12 of A.A.R., March 24, 2006.

# 2. The full text of the proposed changes follows:
